

Year 6 Work in case of a forced school closure

On this sheet you will find a series of tasks and activities relating to each area of the curriculum. You can complete these activities when you want and how you want over the time that you are off school. Each activity or task are related to your year group and designed to be open ended and can all be done at home with minimal resources.

ENGLISH

- Go on to Pobble365 website each day and use the image to answer the questions they ask underneath. Choose an area each day to complete.
- Note down any unfamiliar words from any reading you have done. Explore the meanings of these words by using a dictionary, reading around the sentence or using print conventions.
- Read 5 newspaper or magazine articles. Summarise each in less than 20 words
- Read the lyrics to 5 songs you like on Youtube (make sure you search for the clean versions). Find examples of rhyme, alliteration, metaphor, similes, personification, imagery and symbolism.
- Think of a debate question. Write arguments for and against and then split your family into two teams. Debate for and against in the best way possible.
- Write a leaflet encouraging your neighbours to join in with applause for the NHS each Thursday at 8pm.

MATHS

- Complete any of the revision pages for the maths books that have been left over. Although you won't be sitting your SATS you will still need to learn all these concepts for high school!
- Teach a younger sibling a maths concept.
- Choose one area of maths e.g. decimals. Write down everything you know about this topic- be creative as possible using pictures, diagrams and methods you have learnt.
- Choose any time during the day. Work out what the time was: 10 mins before, 25 mins before, 45 mins before, 1 hour and 17 mins before. Then work out what the time will be in 10 mins, 30 mins, 45 mins and 1 hour and 45 mins. Do this each day please.
- Create some shapes using paper, these could be shapes such as triangles, hexagons and squares. Find all the lines of symmetry in them.
- Have a go at some tessellation art!

ART

On Friday 8 May 2020 Britain will be commemorating the 75th anniversary of VE Day, the end of WWII in Europe. Due to the coronavirus restrictions most VE Day 75 events have had to be postponed but we still want you to be able to mark the occasion. Click on the link below for a bunting template and instructions on how to make your bunting.
<https://www.bbc.co.uk/programmes/articles/>

DT

Design and make a board game to keep you and your family entertained.

SCIENCE

When you go outside for exercise, keep a look out for signs of Spring. What different types of flowers, trees and animals can you see? Perhaps take photos of these and sketch/annotate them. Perhaps research about these species. Use what you have learnt about classifying organisms from our Science lessons in the autumn term to help you.

RE

Read about the holy month of Ramadan on <https://www.bbc.co.uk/bitesize/topics/zpdtshk/articles/zjc2bdm> and have a go at the quizzes.

PE

Try juggling! Have a go at juggling 2 balls. If you are confident with this, challenge your-self to try juggling with 3 balls.
I wonder if we can set a Year 6 record!

COMPUTERS

Complete any purple mash activities set. Continue with your video blogs... Can you add any special effects?

GEOGRAPHY

Keep a daily record of the weather by watching the weather forecast on the news or looking this up online. Mid-week, make a summary of the weather patterns so far and predict what the weather will be like for us in London for the rest of the week. You could apply this idea to another country if you like and then compare your summaries and predictions.

HISTORY

Research VE day. Create a poster or brochure presenting your information. You could use the links below to help.
<https://www.bbc.co.uk/teach/classclip-s-video/history-ks2-ve-day/z7xtmfr>
<https://www.bbc.co.uk/newsround/48201749>

MUSIC

Look at the lyrics to your favourite song. Can you write your own verse in the same style?

PSHE

Create a time capsule of a few things you have used during our time away from school. Include a piece of paper with how old you are, what the date is, what is happening in the world and other facts. If you have a garden, bury it in there. If not, hide it somewhere in your house and find it again in a few years!
