

EVERYONE

LOVES TO LEARN A LIFE SKILL

Dear School Swimming Lesson Coordinator,

WELCOME BACK TO SCHOOL SWIMMING LESSONS WITH EVERYONE ACTIVE

Our team at Everyone Active are really excited to welcome you back to your swimming lessons and we want to do all we can to help your teachers and children feel safe at our centre.

Whilst our lessons will operate in a very similar manner to usual we have made some adjustments that will help keep your students and teachers and our colleagues safe.

- We've reduced the capacity of visitors to our centre. Whilst this won't affect your lesson it does mean we may have to ask you to enter/exit the centre following a different route to usual and lessons will need to be staggered slightly to ensure the changing rooms don't get overcrowded and can be cleaned between schools.
- On the subject of cleaning, we've identified all high touch points around our centres and are cleaning these frequently. All swimming lesson equipment will be sanitised in the pool water between uses as suggested in the guidance released by Swim England!
- We ask that you try not to arrive more than 10 minutes before your lesson begins. This will ensure we can get you into your lesson promptly and that areas of the centre aren't overcrowded whilst you wait.
- If your school has multiple sessions back to back (for example a group at 10am followed by a group at 10:30am) please ensure these groups arrive at the centre separately to avoid overcrowding.
- We have introduced one-way systems into and out of the centre. Please follow these at all times. Signage and floor markings will help guide you and your students.
- Hand sanitiser has been placed at the entrance to and exit from the centre. Please ask all students and teachers to use this on their way into and out of the centre.
- To minimise the use of the changing rooms it would be helpful if your school group arrives at the pool beach ready! This means students arriving with their swimwear on under their school uniform so that when at the pool they can just simply remove their outer uniform, put it in a bag/container and get straight into the water. If this doesn't work for you, we can arrange for you to use the changing rooms but you may have to wait for the school before you to leave and let us clean through before letting you in.
- Rest assured we've re-inducted all our colleagues so they understand what is necessary to keep your students and teachers safe whilst at our site. Our swimming teachers will do their best to teach from an appropriate distance throughout your lessons.
- To assist you and your students in preparing for your first visit we have created a welcome back to school swimming video guiding you through the above safety measures. This will be shared prior to your first visit.
- If you or your staff would like to visit the site to go through the journey in more detail prior to your first lesson please get in touch and we'd be happy to show you round.

Looking forward to seeing you at the pool soon.

Kind regards,

The Everyone Active Team
