

Brentside Knowledge Organiser - Art

Year: 1	Topic: What will our underwater world look like?	National curriculum: to use a range of materials creatively to design and make products
----------------	---	--

What skills I already have:

I can safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function. I can identify ways to create different art pieces, painting, water colour, sculpture.

What skills I will have at the end of this topic:

Self-assess

I can name creatures can we find in the sea.

I can use different materials to create a design.

I can cut and tear different materials carefully.

I can layer materials to create a picture.

I can be creative to visualise my own designs.

I can evaluate my work.

Key Questions:

What lives under the sea or in a pond and can we draw them?

What colours and textures can we see?

Can we use software to make an underwater picture?

What materials could we use to make a collage of an underwater world?

How will we cut and stick our materials?

Can we work together to produce a large collage?

What parts of our collage do we like best and why?

Mood board:

Vocabulary

Collage	Art made by using different materials and sticking them on a backing.
Creative	Using your imagination to create something.
Tear	To pull or rip (something) apart or to pieces with force.
Visualise	To form a mental image of or imagine something.
