

Brentside Knowledge Organiser - Geography

Year: 3	Topic: Has Greece always been in the news?	National curriculum: Geographical similarities and differences through the study of human and physical geography of a region or area of the United Kingdom and a region or area in a European country
----------------	---	--

What I should already know:

I can identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles.

What I should know at the end of the topic:

I can locate Greece on a map.

I can understand what the physical features of Greece are.

I can understand why people visit Greece.

I can understand the influence Ancient Greece has on the world today.

I can understand how the lives of people living in the Mediterranean would be different from their own.

I can identify different countries in the Northern Hemisphere .

I can be aware of different weather in different parts of the world, especially Europe.

I can name and locate the capital cities of neighbouring European countries .

Timeline

Can I order events from the past using dates when things happened?
How far is it to different cities?
What is the climate in different months of the year?

Diagrams:

Vocabulary
