

Meet Your TEACHER

INTRODUCING:

Miss Reid

ALL ABOUT ME

Hello! I am Miss Reid and I have been teaching at Brentside Primary for several years now.

I am from Scotland but moved to Stratford-Upon-Avon (where Shakespeare was born) when I was at school. Since then I went to Newcastle University for 4 years where I got a degree in Psychology, and then did my PGCE as I knew I wanted to teach.

After this I moved to London, which I loved exploring, and have now moved a little bit outside of. I have taught lots of different years, and in this school have been in Years 2, 3, 4 and 5! Every year I love getting to know all of you, or seeing how much you have grown, and witnessing all of your curious minds getting smarter and smarter every day.

SUBJECTS I LIKE TO TEACH

I like to teach maths as there are so many times where we need to use maths in our lives and we can have lots of fun practising these skills. I like watching you all discover the answers and get better at solving problems using all of the skills that you have gained.

I love to read with all of you so I can hear all of your opinions on the different stories that we read, as well as lots of giggles or gasps at the exciting tales.

I also really like to teach geography and history since they are such interesting topics with so many similarities and differences between our lives and those of people from the past or in other countries.

INTERESTS THAT I HAVE

I love to read and spend lots of holidays sitting outside in the sunshine reading and getting engrossed in an interesting book.

I also like to travel and have been to lots of incredible countries across the world where I been able to learn about the culture of the place, as well as see all of its amazing nature on long hikes. In the week, I do lots of different fun activities like practising aerial hoop and I go running a lot.

AN INTERESTING FACT ABOUT ME

I love running and have done lots of half marathons and a few marathons to keep fit and raise money for charity!
