

# Meet Your TEACHER

## INTRODUCING

Mrs Ahmed

## ALL ABOUT ME

I have actually grown up in this area and have lived in Greenford my entire life! My family are the most important thing to me in the world!

This will be my 9<sup>th</sup> year teaching. I have taught from Year 2 to Year 6 and enjoyed them all. I joined Brentside Primary Academy in November 2018 and love it!

In my spare time I love cooking and baking, my favourite food is Italian, Turkish and Asian. I also enjoy working out at the gym and take classes in spinning and boxing.

I have travelled to many countries and wish to tick many more of my list!

## SUBJECTS I LIKE TO TEACH

The subjects I enjoy teaching most are English, Science and Art. I think English is special because it gives everyone a voice of their own where they can explore areas that interest them. It proves words are powerful and I enjoy reading children's imaginative writing.

I love the fact that in science you can explore and experiment so many different topics and have fun at the same time! Art is something I am fond of doing in and out of school, I love experimenting with different materials and seeing children create passionate pieces of work each with their own creative flair.

## INTERESTS THAT I HAVE

I love travelling and exploring new cultures. I absolutely love Dubai and have visited over 15 times! Next year I am planning to visit South Africa and go on a safari!

- Hobby - Cooking is really fun and important to me. I am a proper foodie!
- Colour – Any kind of Blue!
- Food- Turkish/ Pakistani (extra spicy always!)
- Season – Summer
- Drink – Iced Coffee

## AN INTERESTING FACT ABOUT ME

I lived in Abu Dhabi for 8 months and taught children English, the temperature some days would reach 45 degrees!
